### **Vernon LeFeber Receives Employee of the Quarter**

On Wednesday, June 8, 2016, the Employee Representation Committee recognized Vernon LeFeber as the Newaygo County Employee of the Quarter for the 1st quarter of 2016. Mr. LeFeber was selected for his outstanding service, dedication, patience, integrity, and compassion when it comes to his work and the people he serves.

Vernon LeFeber, a bus operator for the Commission on Aging, is a great example of a county employee that has gone above and beyond his duties, as he continually serves our senior citizens with a smile and compassion, and takes the initiative to help people in any way he can. His sincere care for people shines through in his work and good deeds.

The dedication and pride in his work has made him a great advocate for the Commission on Aging as he meets and interact with others, and his warm smile and caring personality are appreciated by many.

The Employee Representation Committee expressed their appreciation to Vernon LeFeber at the June 8, 2016, Board of Commissioners meeting by presenting him with a letter and publicly thanking him for his dedicated service.

The Employee of the Quarter designation was created to recognize and reward individuals for excellence in support of Newaygo County's mission and for performance above and beyond the normal expectations of their position and day-to-day job duties. We welcome the public to nominate deserving employees. Please share your experience with us by completing a Nomination Form located at <http://countyofnewaygo.com/HumanResources.aspx>.
